

A Little Ray of Sunshine

Her father said, she has to have a name,
not the same as her moms, but a name just the same.

A little ray of sunshine,
has come into the world
a little ray of sunshine
in the shape of a girl.

We'll show her the dress,
that she wears with the gold flowing hair
that nature provided

Chorus

A little ray of sunshine
I want to know, if you think she looks good in the pink
her grandma has bought her, our own little daughter.

She can make you feel good,
she can make you feel that it's all worth while,
only by her smile only by her smile.

Have you noticed, she's just like her father,
I think that I'd rather, her hair was much darker.

Chorus

She can make you feel good,
she can make you feel that it's all worth while,
only by her smile only by her smile.

Only by her smile

Only by her smile

Only by her smile

A little ray of sunshine
