WHAT THE WORLD

What the world needs now is love, sweet love

It's the only thing that there's just too little of

What the world needs now is love, sweet love

No not just for some but for everyone

STAND BY ME

Stand stand stand – stand stand stand

When the night has come, and the land is dark,

And the moon is the only light we'll see,

No I won't be afraid, No I won't be afraid,

Just as long as you stand, stand by me,

So darling darling, stand by me , oh stand by me,

Stand by me , stand by me, stand by me

YOU GOT A FRIEND

You just call out my name (out my name)

And you know wherever I am

I'll come running to see you again (see you again and again)

Winter spring summer or fall (summer or fall)

All you gotta do is call

And I'll be there – yes I will

You got a friend – You got a friend

You got a friend – You got a friend

PUT A LITTLE LOVE

Think of your fellow man

Lend him a helping hand

Put a little love in your heart

If you see it's getting late

Oh please don't hesitate

Put a little love in your heart

And the world will be a better place

And the world will be a better place

For you and me

You just wait and see

Another day goes by

And still the children cry

Put a little love in you heart

We want the world to know

We won't let hatred grow

Put a little love in your heart

And the world will be a better place

And the world will be a better place

For you and me

You just wait and see

UNITED WE STAND

There's nowhere in the world that I would rather be

Than with you my love

And there's nothing in the world that I would rather see

Than your smile my love

For united we stand

Divided we fall

And if our backs should ever be against the wall

We'll be together, together, you and I
